What's going on?

We also wish to slay you and stop your plan to attack the human world!
To save our friend from becoming a demon!
We're after the well water!
Hahaha! So why are you so foolish to even challenge me?
If that's so, what would you want it for?

Why don't you rebel cats just take care of yourselves than side with these atrocious humans?
Fools!
But-
KRAK

Silence!
It makes no difference however you defend them!
Yes that's only a small fraction of the human race
There are others who are kind hearted and only wish the best for the world
From what I hear you don't understand human beings at all!
I am only bringing forth sooner, what they are already bringing up themselves.
They are already destroying their own home

An earth quake?
Huh? Now what?
DUAARR!!

The demon king! That's definitely his voice!
Muahahaha! Do you honestly believe you defeated me?
Am I hallucinating now?
Even the ground is moving on it's own!
You don't suppose he's immortal?
We Destroyed all one hundred of his eyes
How can he still be alive?
Unbelievable!
Muahahaha! Correct! So you finally figured it out!
Are you trying to say we're inside his stomach right now?
Now I see... This entire cave was a part of the Hundred Eyed Demon king all along!
